The prices in red indicate shelters over 20m<sup>2</sup> requiring a building consent (permit), but ask your agent about "adjacent shelters" as this may be an option for you ...

1.0m Rafter Spacing

0.8m Rafter Spacing

House Connection

About 50% of the time direct connection can be used, which uses less parts and is faster to install ... However if your house is too low at the soffit area, then bracket connection may be required/best
